EXPLANATORY MEMORANDUM

This Explanatory Memorandum forms part of a Notice of Annual General Meeting convening the annual general meeting of shareholders of Silver City Minerals Limited (**Company**) to be held on 15 November 2016. Both documents should be read in their entirety and in conjunction with each other.

ORDINARY BUSINESS

2016 Financial Report

This item of business relates to the receipt and adoption of the Company's Financial Report for the year ended 30 June 2016. The 2016 Annual Report can be accessed on the Company's website at www.silvercityminerals.com.au.

Resolution 1 - Remuneration Report

The Remuneration Report is a section of the Directors Report contained in the 2016 Annual Report. It is a requirement of the Corporations Act that the Report be provided to shareholders and voted upon by a vote which is advisory only and does not bind the Directors or the Company. However, if 25% or more of the votes that are cast are voted against the adoption of the Remuneration Report at two consecutive AGM's, shareholders will be required to vote at the second of those AGM's on a resolution that another meeting be held within 90 days at which all of the Company's Directors who are subject to a re-election requirement must go up for re-election. At the 2015 AGM, 0.71% of votes were cast against approval of the Remuneration Report.

The Remuneration Report:

- Explains the Board's policies relating to remuneration of Directors, secretaries and executives of the Company;
- Discusses the relationship between such policies and the Company's performance;
- Provides details of any performance conditions attached to such remuneration; and
- Sets out remuneration details for each Director and certain named executives.

Resolution 2 - Re-Election of Ian Hume as a Director

Pursuant to clause 12.3 of the Company's Constitution, a Director must not hold office (without re-election) after the third annual general meeting following the Director's appointment or three years, whichever is longer.

Mr Hume was re-elected as a Director at the 2013 Annual General Meeting of the Company and accordingly resigns and offers himself for re-election. The Company provides the following information concerning Mr Hume:

Biographical details

Mr Hume has over 30 years' experience in the natural resources industry. He was a founding partner of The Sentient Group, a private equity fund specialising in global investment in the resources sector. From 1994 to 2000, Mr Hume served as a consultant to AMP Society's Private Capital Division, focused on international mining and telecommunications investments primarily in North and South America, Russia and the Pacific Rim. His experience prior to 1994 includes serving as a consultant to Equatorial Mining on the development of its copper assets in Chile. He has 23 years of investment management and investment banking experience for companies in Australia and the United Kingdom. He is a member of the Sentient Council and a director of Golden Minerals Company (TSX:AUM). Mr Hume attended both Harrow School (England) and Nice University (France). Mr Hume was formerly a director of Andean Resources and Norsemont Mining.

Details of relationships between the Candidate and the Company

Mr Hume is a non-executive director of the Company.

Details of relationships between the Candidate and Directors of the Company

Not applicable.

Other directorships held

Mr Hume is a non-executive director of Iron Road Ltd and African Energy Resources.

The term of office already served by Mr Hume

Mr Hume joined the Board on 29 July 2011.

The Directors (other than Mr Hume) do not have an interest in the outcome of Resolution 2 and recommend that shareholders vote in favour of Resolution 2.

Resolution 3 – Approval of Prior Issue of Options

ASX Listing Rule 7.1 prohibits a listed company from issuing, or agreeing to issue, equity securities (which includes shares) that exceed 15% of the total number of fully paid ordinary securities on issue in any 12 month period, unless approval is obtained from the holders of the company's ordinary securities.

ASX Listing Rule 7.4 provides that an issue of securities made without approval under Listing Rule 7.1 will be treated as having been made with shareholder approval for the purposes of that Listing Rule if shareholders subsequently approve it and the issue did not breach Listing Rule 7.1.

If Shareholders approve Resolution 3, the issue of 3,000,000 unlisted options will be excluded from the

EXPLANATORY MEMORANDUM

calculations of the 15% limit under ASX Listing Rule 7.1.

In accordance with ASX Listing Rule 7.5 the following information is provided:

- (a) A total of 3,000,000 unlisted options were issued on 6 September 2016 with an exercise price of 6.7 cents each expiring on 21 July 2019.
- (b) The securities were unlisted options.
- (c) The options were issued to Melshare Nominees Pty Ltd.
- (d) The options were issued as fees pursuant to the mandate with Patersons Securities Limited relating to the Placement announced on 30 May 2016.
- (e) The options had a deemed value of \$0.0125 each on the date of issue and no funds were raised from the issue of the options.

Further terms of the Options are set out in the Schedule to this Explanatory Memorandum

A voting exclusion statement is included in this Notice.

The Board recommends Shareholders vote in favour of Resolution 3 as it allows the Company greater flexibility to issue further securities representing up to 15% under ASX Listing Rule 7.1 of the total number of Shares on issue in any 12 month period without Shareholder approval.

Resolution 4 to 8 – Grant of Options to Directors

In accordance with Resolutions 4 to 8 the Company proposes to grant a total of 6,500,000 options to Directors as follows:

		Options
Christopher Torrey	Managing Director	2,000,000
Robert Besley	Non-Executive Chairman	1,500,000
Gregory Jones	Non-Executive Director	1,000,000
Ian Plimer	Non-Executive Director	1,000,000
Ian Hume	Non-Executive Director	1,000,000

The options are proposed to be issued for nil consideration at an exercise of 6 cents each and expiring 3 years after the date of issue.

Further terms and conditions of the options are set out in the Schedule to this Explanatory Memorandum.

The Directors are related parties of the Company. Under Chapter 2E of the Corporations Act a public company cannot give a financial benefit to a related party unless an exception applies or shareholders have, in a general meeting, approved the giving of that financial benefit to the related party.

It is the view of the Board that the issues of Options constitute reasonable remuneration and do not require shareholder approval under Chapter 2E of the

Corporations Act as the exemption in section 211(1) of the Corporations Act applies to the proposed issue of Options for the following reasons:

(a) Mr Torrey is the Managing Director and CEO of the Company and the Board considers that the issue of Options to Mr Torrey constitutes reasonable remuneration given the circumstances of the Company and the responsibilities involved in Mr Torrey's role as Managing Director. In this respect, the Board has specifically considered the number of Options proposed to be granted to Mr Torrey and the underlying value of those Options.

(b) The issue of options to the non-executive directors represents reasonable compensation for a reduction of non-executive directors' fees by 25% from 1 October 2015.

Accordingly, the Company is not seeking shareholder approval under Chapter 2E of the Corporations Act for the issue of Options to Directors.

Nonetheless this Explanatory Memorandum sets out the following information that is substantially equivalent to the information that would be disclosed if shareholder approval was being sought under Chapter 2E of the Corporations Act.

Shareholder approval of the grant of options is being sought for the purposes ASX Listing Rule 10.11. If shareholder approval is given under ASX Listing Rule 10.11, shareholder approval is not required under ASX Listing Rule 7.1.

If Resolutions 4 to 8 are passed, they will permit the Company giving of a financial benefit to the following persons:

Christopher Torrey
Robert Besley
Gregory Jones
Ian Plimer
Ian Hume

All of whom, are Directors, and are related parties of the Company.

The nature of the financial benefit is the grant of the number of Options set out above for nil consideration, exercisable at 6 cents and expiring 3 years after the date of issue. The Options will vest immediately.

Other information

If the Company's Shares are trading on ASX at a higher price than the exercise price of the Options at the time of exercise, the effect will be to give an immediate financial benefit to the Directors at the time the Options are exercised.

Where a director is participating in one of the resolutions 4 to 8 they do not make a recommendation in respect of that resolution due to their personal interest in the matter being considered.

EXPLANATORY MEMORANDUM

Reasons for grant of the Options

The Company has been fortunate to attract a highly regarded management team, and given the relatively small size of the Company it is important that the Company retain its key people and, in particular, its leadership.

Under the Company's current circumstances, the Directors consider that the proposed grant of the Options is appropriate given the changes in remuneration and directors' fees set out above and to ensure that the remuneration being offered is competitive and to provide an incentive to the Directors to continue to play a key and integral role in the future benefit of the Company and therefore increased shareholder value.

The Directors note that the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (3rd edition) provide that it is generally acceptable for non-executive directors to receive securities as part of their remuneration to align their interests with the interests of other security holders. While the Corporate Governance Principles and Recommendations suggest that non-executive directors should not generally receive options with performance hurdles attached or performance rights, it is noted that there are no such hurdles attached to the Options the subject of Resolutions 4 to 8.

Dilution effect on existing members' interests

If all of the Options to be granted pursuant to Resolutions 4 to 8 are exercised, the effect will be to dilute the interests of existing shareholders. The table below sets out the impact on the number of Shares and Options on an undiluted and fully diluted basis:

	Number of Shares
Shares on issue at date of this notice	158,578,962
Add Options already on issue (upon exercise)	21,222,540
Total potential issued capital	179,801,502
Options to be granted to Directors	6,500,000
Potential issued capital fully diluted	186,301,502
Dilution effect	3.49%

If all the Options are exercised, a further 6,500,000 Shares will be on issue and \$390,000 (based on an exercise price of \$0.06 per Share) will be raised by the Company. These funds would provide the Company with additional working capital.

Trading History

The market price of the Company's Shares during the period the Options are issued and unexercised may be one factor in determining whether or not the Directors

will exercise the Options. The Company's Shares may be trading on the ASX at a price which is higher than the exercise price of the Options. In these circumstances, if the Directors then sell the Shares arising from the exercise of the Options, they would realise an immediate profit.

As at 3 October 2016, being the day before the date of this Notice of Meeting, the Company's closing share price was \$0.026. The highest, lowest and last recorded market price of the Company's shares quoted on ASX during the 12 month period to 3 October 2016 were:

Lowest	\$0.013
Highest	\$0.076
Last	\$0.026

Effect on Earnings

A-IFRS requires the Company to expense options granted to directors with the expense being transferred to an Options Expense Reserve. The amount to be expensed and transferred to the Options Expense Reserve in relation to Resolutions 4 to 8 is estimated at \$47,450 for the financial year ended 30 June 2017. This amount will be transferred from the Option Expense Reserve to Issued Capital on the exercise of the Options. If the Options lapse, the amount will remain in the Options Expense Reserve.

Valuation of the Options

The Options to be granted have been valued using the Black Scholes valuation methodology.

The valuation methodology calculated the average value of the Options in relation to Resolutions 4 to 8 at \$0.0073 per option with a total value of \$47,450. This valuation assumes an exercise price of \$0.06. In calculating the Option valuation the following inputs were used in the valuation methodology:

Exercise Price	\$0.06
Expected Life	3 years
Volatility	73.6%
Risk free rate (3 year Government Bond Rate)	1.89%
Base share price	\$0.026

Directors Equity holdings in the Company

The current Share and Option holdings of the Directors and their associates are as follows:

Director	Shares Directly and Indirectly Held	Options
C Torrey	1,097,556	3,000,000
R Besley	1,407,044	1,000,000
G Jones	-	1,000,000
I Plimer	1,554,600	1,000,000
I Hume	290,845	1,000,000

EXPLANATORY MEMORANDUM

Further Information

Apart from the information set out in this Explanatory Statement there is no other information that is known to the Company or any of its directors that is reasonably required by shareholders to decide whether or not it is in the Company's interests to pass Resolutions 4 to 8.

Information required by the ASX Listing Rules for Resolutions 4 to 8

Listing Rule 10.11 requires shareholder approval for an issue of equity securities to a related party. Approval is therefore being sought for the proposed grant of Options to Directors.

Listing Rule 10.13 requires this Notice of Meeting to include the following specified information in relation to the Options to be granted to Directors:

- a) The maximum number of securities to be issued to the Directors is 6,500,000 Options. The allocation of the Options and valuations are as follows:

Director	Number of Options	Valuation of Options
C Torrey	2,000,000	\$14,600
R Besley	1,500,000	\$10,950
G Jones	1,000,000	\$7,300
I Plimer	1,000,000	\$7,300
I Hume	1,000,000	\$7,300

- b) No funds will be raised by the grant of the options as they are being granted for no consideration.
- c) The Company intends to grant the Options to Directors as soon as practicable after the date of the Annual General Meeting but in any event, no later than one month after the date of the Meeting.

The non-participating directors in each of resolutions 4 to 8 recommend that shareholders vote in favour of resolutions 4 to 8 as the grant of options is designed to incentivise the Directors by participating in the future growth and prosperity of the Company through share ownership and in recognition of the contribution made to the Company by the Directors and their ongoing responsibility.

Where a director is participating in one of the resolutions 4 to 8 they do not make a recommendation in respect of that resolution due to their personal interest in the matter being considered.

Further terms and conditions of the Options are set out in the schedule to this Explanatory Memorandum.

Resolution 9 - Issue of Shares up to 10% of the Company's Issued Capital

Listing Rule 7.1A enables an eligible entity to seek shareholder approval to issue Equity Securities up to 10% of its issued share capital over a 12 month period commencing from the Annual General Meeting where shareholder approval is received. The 10% issue capacity allowed under Listing Rule 7.1A ("7.1A 10% Capacity") is in addition to the Company's 15% annual placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 7.1A 10% Capacity.

The exact number of Equity Securities to be issued under the 7.1A 10% Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2.

Resolution 9 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Listing Rule 7.1A

Shareholder approval required

The ability to issue Equity Securities under Listing Rule 7.1A is subject to shareholder approval by way of special resolution at an Annual General Meeting.

Class of equity securities issued

Any Equity Securities issued under the 7.1A 10% Capacity must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice, has on issue one quoted class of Equity Securities being fully paid ordinary Shares.

Calculating 7.1A 10% Capacity

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue during the period of the approval a number of Equity Securities calculated in accordance with the following formula:

$$(AxD)-E$$

Where:

A is the number of Shares on issue 12 months before the date of issue or agreement:

- **Plus** the number of fully paid Shares issued in the 12 months under an exception in Listing Rule 7.2;
- **Plus** the number of partly paid Shares that became fully paid in the 12 months;
- **Plus** the number of fully paid Shares issued in the
- 12 months with approval of holders of Shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the

EXPLANATORY MEMORANDUM

entity's 15% placement capacity without shareholder approval;

- **Less** the number of fully paid Shares cancelled in the 12 months.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% issue capacity.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

Effect of Listing Rule 7.1 with 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% issue capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 158,578,962 Shares and therefore will have a capacity to issue:

- (i) Subject to approval of resolution 3, 23,786,844 Equity Securities under Listing Rule 7.1; and
- (ii) Subject to shareholder approval being sought under this Resolution 9, 15,857,896 Equity Securities under Listing Rule 7.1A

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 Trading Days on which trades in that class of Equity Securities were recorded immediately before:

- The date on which the price at which the Equity Securities are to be issued is agreed; or
- If the Equity Securities are not issued within 5 Trading Days of the date referred to above, the date on which the Equity Securities are issued.

Approval Validity Period

Shareholder approval of the 7.1A 10% Capacity under Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the earlier to occur of:

- The date that is 12 months after the date of the Annual General Meeting at which the approved is obtained; or
- The date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

Specific Information required by Listing Rule 7.3A

The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 Trading Days on which trading in that class of Equity Securities were recorded immediately before:

- (i) The date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) If the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

If Resolution 9 is approved by Shareholders and the Company issues Equity Securities under the 7.1A 10% Capacity, the existing Shareholders' voting power in the Company will be diluted as shown in the table below. There is a risk that:

- (i) The market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
- (ii) The Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities are issued as part of consideration for the acquisition of a new asset, which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The following table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable 'A' calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

EXPLANATORY MEMORANDUM

Variable 'A' in Listing Rule 7.1A2		Issue Price Assumptions		
		Less: 50% \$0.013	Base \$0.026	Plus: 100% \$0.052
Current 158,578,962	10% issue Funds raised	15,857,896 \$206,152	15,857,896 \$412,305	15,857,896 \$824,610
Plus 50% 237,868,443	10% issue Funds raised	23,786,844 \$309,228	23,786,844 \$618,457	23,786,844 \$1,236,915
Plus 100% 317,157,924	10% issue Funds raised	31,715,792 \$412,305	31,715,792 \$824,610	31,715,792 \$1,649,221

The table also shows:

- Two examples where variable 'A' has increased, by 50% and 100%. Variable 'A' is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- Two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

The table has been prepared on the following assumptions

- The Company issues the maximum number of Equity Securities available under the 7.1A 10% Capacity.
- No Options are exercised which have converted into Shares before the date of issue of the Equity Securities.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 7.1A 10% Capacity, based on that Shareholder's holding at the date of the Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A and not under the 15% placement capacity under Listing Rule 7.1.

- The issue of Equity Securities under the 7.1A 10% Capacity consists only of Shares being the only class of Equity Securities on Issue at the date of this Notice of Annual General Meeting.
- The base issue price is \$0.026 being the closing price of the Shares on ASX on 3 October 2016.
- The Company will only issue and allot the Equity Securities during 12 months following the approval of Resolution 9. The approval under Resolution 9 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities or Listing Rule 11.2 (disposal of main undertaking).

The Company may seek to issue the Equity Securities for the following purposes:

- Non-cash consideration for the acquisition of new resources assets and investments. In such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
- Cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets; or
- investments (including expenses associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.5A upon issue of any Equity Securities.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 7.1A 10% Capacity.

The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- The methods of raising funds that are available to the Company, including but not limited to,

rights issues or other issues in which existing securities holders can participate;

- The effect of the issue of the Equity Securities on the control of the Company;
- The financial situation and solvency of the Company; and
- Advice from corporate, financial and broking advisers (if applicable).

The allottees under the 7.1A 10% Capacity have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new resources assets or investments, it is likely that the allottees under the 7.1A 10% Capacity will be the vendors of the new resources assets or investments.

The following table shows details of all issues of Equity Securities in the 12 months preceding the Annual General Meeting and other information required under Listing Rule 7.3A.

The funds raised from the Placement and SPP in June and July 2016 were utilised to fund a comprehensive exploration program for lithium within the identified zones of pegmatites within the Company's tenements in Broken Hill and for working capital.

A voting exclusion statement is included in this Notice of Meeting. At the date of this Notice, the Company has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in the Notice

The Company previously obtained Shareholder approval under Listing Rule 7.1A on 19 November 2015.

On 19 November 2015 the Company had on issue 116,300,601 ordinary shares and 9,500,000 options making a total of 125,800,601 Equity Securities. During the previous 12 months the Company issued

- The options held by the optionholder are exercisable in whole or in part at any time during the exercise period. Options not exercised before the expiry of the exercise period will lapse.
- Options are exercisable by notice in writing to the Board delivered to the registered office of the Company and payment of the exercise price in cleared funds.
- The Company will not apply for official quotation on ASX for the options. The Company will make application for official quotation on ASX of new shares allotted on exercise of the options. Those shares will participate equally in all respects with existing issued ordinary shares, and in particular new shares allotted on exercise of the options will qualify for dividends declared after the date of their allotment.
- Options can only be transferred with Board approval, except that if at any time before expiry of the Exercise Period the optionholder dies, the legal personal representative of the deceased optionholder may:

- If the Company makes a rights issue (other than a bonus issue), the exercise price of options on issue will be reduced according to the following formula:

$$A = O - \frac{E [P - (S + D)]}{(N + 1)}$$
 Where:
 - A = the new exercise price of the option;
 - O = the old exercise price of the option;
 - E = the number of underlying ordinary shares into which one option is exercisable;
 - P = the average closing sale price per ordinary share (weighted by reference to volume) recorded on the stock market of ASX during the five trading days immediately preceding the ex-rights date or ex entitlements date (excluding special crossings and overnight sales and exchange traded option exercises);
